## President's Letter

Dear Fellow Bobcats:

As summer comes to a close, we reflect on recent GHHSAA activities...

Grandview Alums were on the march! Over 50 enthusiastic alumni marched in the Memorial Day Parade. It was good exercise walking the length of First Avenue and a good time was had by all. We had a trailer and a pickup truck, too. Spectators were supportive and kids loved the candy tossed their way. Grandview alums also had a presence in the Arlington Fourth of July Parade for the first time ever. Arlingtonians even shouted, "Go Bobcats!" We hope to see more GHHS alums join in the parades next year.

GHHSAA awarded scholarships worth \$6,000 to 3 seniors in the May Awards Assembly. This was the largest amount donated by any local organization. Recipients will be awarded an additional \$1,000 their sophomore year if they keep their grades up. We also helped sponsor a safe "after prom" party. Class of 2010 had their party at Ohio State's Adventure Center, complete with climbing wall, basketball courts and indoor soccer fields.

We always try to improve your newsletter. Please submit information about yourself. Whether a recent graduate or recently retired – we want to publish all your updates! Send information regarding location, job changes, promotions, marriages, births and awards or recognitions, and include a photo if possible! And we love your "remembrances." Send a write-up and photos. They will go into a new column starting this issue.

The GHHSAA Annual Meeting is Wednesday, September 8<sup>th</sup> from 6:00-9:00pm at the McKinley Park Shelter House - near Goodale and Urlin. Trustees and officers will be elected. The meeting is open to all and is a potluck dinner. GHHSAA to provide hamburgers and hotdogs. Come out and share a meal with fellow alums. RSVP via e-mail to [GHSAAMeeting@aol.com](mailto:GHSAAMeeting@aol.com) or call Ron/Jane Harris at 614.246.0438.

Sincerely,  
Ron Harris '56

# REMEMBER WHEN?

**I remember when...**

Urlin was a great sledding hill. Especially in the '40's, there were fewer cars to hinder speeding down the hill, across Goodale and up the slope to the railroad tracks. Urlin had a steep beginning so you gathered speed before flying over the moguls. Upon landing, the air was knocked out of stomachs loudly enough to be heard by those

hauling their sleds back up the hill. Climbers were obligated to warn of on-coming cars.

Sadly, Summit Chase leveled the top of the hill and reduced the ride to "bunny slope" quality.

**I remember when...**

An alternative sledding hill was at Wyman Woods when the Scouts covered the hill with cardboard for SUMMER sledding! We used cardboard or burlap "sleds". Lots of fun and no frozen toes!

**Carolyn Rudy Jensen '47**

**I remember when...**

Boy Scouts served as volunteer OSU football ushers. What a great way to see the games for free! Our father, Robert Rudy, was a Boy Scout usher at the first game in the new horseshoe stadium. Brothers Dave and Ted served as ushers in the 40's and 50's. When the stadium seats shrunk and attendance grew, OSU switched to professional ushers and the new rules closed out the kids who snuck past the ticket-takers.

Well, some didn't exactly "sneak". Brothers Jack and Jim participated in a 40's practice that we think of as "Red Rover at the gates". Boys gathered to storm the fences between the ticket gates. A few would get caught, but many got through. The enforcers and boys seemed to equally enjoy this ritual. Lifelong fans grew out of the Boy Scout ushers and gate crashers.

## Class of '00 Celebrates!

Their 10<sup>th</sup> year reunion was Sat-

urday July 3<sup>rd</sup> and they enjoyed

a night reminiscing at Barley's

Brewpub with a good turnout of over 30 classmates recalling GHHS days. Attendees traveled from as far away as Portland, Oregon. It was exciting to hear about how everybody's lives have changed. Many classmates are now married and several have children or are expecting their first babies. A variety of careers were represented from an interior decorator and nursing to several in the Armed Forces. All found it hard to believe that 10 years passed so quickly. "Before we know it, we'll be planning our 20<sup>th</sup>."

## Auditorium Update

Cathy Peacocke Kroninger  
Dunhuang Province, China

**Cathy Peacocke Kroninger '55**

Ever since Cathy Peacocke Kroninger taught 6th grade Social Studies in Chapel Hill- Carrboro Schools, NC, she wanted to visit the places about which she taught.

So, she and 3 friends traveled by private train on the "Silk Road." The journey began in Beijing, China and took them through Turkmenistan, Kazakhstan, Uzbekistan and Russia. They traversed the roads of Genghis Khan, Marco Polo and Tamerlane and it was a month of one adventure after another.

Cathy reports that in China, from the crest of the mountains

all the way to the valleys, every nook and cranny had evidence of the soil being hand-tilled.

She was astonished by the **HUGE** WWII Memorial in Volgograd, formerly Stalingrad, where over one million Russian soldiers and a large percentage of the civilian population were killed in less than 6 months while fighting the Germans. She also said that visiting the churches inside the Kremlin walls and the St. Petersburg Hermitage were spectacular experiences.

Way to make a dream come true, Cathy!

## Alumni graduates from West Point

# History of the Schools in Grandview Heights and Marble Cliff

By Wayne Carlson, Grandview Heights Marble Cliff Historical Society  
www.ghmchs.org

## Grandview Schools History, Part 3 of 3

August, 1925 saw a discussion beginning in the community regarding the need for a kindergarten to serve the young children, which was becoming a trend throughout the United States. The [First Community Church](#) took the leadership in this area and established the first such classes in Grandview for the 1925/26 school year. The Community Pre-School classes were held in the basement of their building on the corner of Lincoln Road (formerly Paul Avenue) and First Avenue.

Several area private and parochial schools also played a role in the overall educational system in Grandview and Marble Cliff. The railroad and the street car line made downtown relatively accessible, and as more well-to-do families chose to build in the area, some sent their children to private and church-related schools in Columbus. Some founders of Columbus Academy, for instance, were residents of this area. [Our Lady of Victory Academy](#) opened September 22, 1922 with 51 girls at the church on Roxbury. Classes were originally held in the convent, and were taught by three Sisters of Charity of Nazareth, Kentucky. The children of St. Margaret of Cortona first began attending OLV in 1948, when Monsignor Thomas A. Nolan, pastor of Our Lady of Victory Church, welcomed them to the parish school.

**“In May 1928, the Grandview Heights School District ran out of money.”**

By 1923, a 7th grade was added to the elementary classes that already existed, and enrollment was 70 students. Enrollment was not limited to Catholic families but was open to all families in the area. A new school building, which housed a new co-ed high school, was added in 1930, and by 1936 total enrollment had grown to 328 students. The Academy was co-ed until about 1945, when the boys' program was discontinued because of a lack of athletic facilities.

The high school closed in 1963 and the elementary school closed in 1977. In 1947, St. Christopher Church, which serves residents east of Ashland Avenue, was founded and its school opened in 1948. The parishes of St. Margaret, Our Lady of Victory and St. Christopher combined enrollments under the name of Trinity School. Starting with the 1979-80 school year, all the grades have been located at the former St. Christopher School, 1381 Ida Ave at Ida Avenue and Grandview Avenue. Residents of this area since the 1950s have sent their high school age students to Bishop Watterson High School and later to Bishop Ready High School.

In May 1928, the Grandview Heights School District ran out of money. As a result, the

district made a decision to close the schools early that year. A local community group, the Civic Improvement Association made public charges that district officials were guilty of

Our Lady of Victory School

mismanagement, particularly of the capital budget. Board President [C.H. Silbernagel](#) and other officials responded with a public statement in the May 18, 1928 Community News. Reasons for the money shortage were attributed to the phenomenal growth of the community and the student population, and opportune investments in the property north of the high school. In August, the board voted to put a 5-mil levy on the November ballot to recover the debt. The need for this levy was dropped when the Franklin County Commission voted to turn a windfall tax surplus of \$30,000 over to Grandview schools to bail them out.

Although the slope of the growth curve decreased, families continued to move to Grandview Heights and Marble Cliff, and additional facilities were added. In 1930, the designed expansion wings on the North and South ends of Stevenson were added, increasing

the number of classrooms in the building to 20 for a total of 40 elementary classrooms throughout the district. The same year, a new addition was added to the west side of the Elementary

School and it was renamed as the Thomas A. Edison Elementary School.

The mid- to late-thirties saw enrollment leveling off and in fact decreasing somewhat. For example, the total number of students in the district fell from 1320 in 1936 to 1239 in 1938. During this period, federal WPA projects provided funds for renovating and maintaining buildings and grounds, and were used to construct the tennis courts and a ticket building/concession stand at the athletic fields in 1936. The government also promised that if the district were able to provide a payment of \$3000, they would provide additional funds (totaling approximately \$28,000) to construct a stadium on that site. School officials turned to the community, and a successful fund-raising effort guaranteed the down payment. However, as construction was scheduled to begin, officials in Washington sent a letter requiring an

increased payment. Dedicated to the success of this effort, the "stadium boosters" fundraising effort continued, and the 1250 seat stadium was completed and dedicated on October 7, 1938. The Bobcats easily defeated Westerville 25-7 in the inaugural game that night. Representatives from schools throughout the state came to tour the stadium facility during the dedication, which was seen as one of the finest combination facilities of its size around.

In 1957 additional classrooms were added to the South end of the Edison building, and a new gymnasium was added to the High School. The old gym was renovated and is now used only as the auditorium, and the shower rooms now house the board offices. Also in 1957, the board purchased property to the south of Edison to build a playground. It is now the main parking lot of Edison, as the playground was moved to the east side when the district successfully requested the closure of Fairview Avenue in 1995.

The school district decided to include kindergarten services as part of the public schools, and a revolutionary building was constructed on the site of the old Harding School across

Kindergarten Annex

Fairview from the Edison building. It opened February 6, 1950 with significant media attention from the Columbus and Ohio press. Called the [Kindergarten Annex](#), it was an award-winning design that incorporated furniture and facilities that were built to the needs of the kindergarten student. Door handles were lower, furniture was smaller, lockers were kid-sized, etc. It also had a fully equipped kitchen, which was used for both lunches and morning snacks, and everything was done in "cheerful" colors

and styles that were attractive to kids of this age. A large fireplace was located in the hall at the main entrance, which provided a pleasant atmosphere for

the 100 students that attended the half-day sessions taught by Mrs. Bloom and Mrs. Castaneda. In 1971, classrooms were added at Stevenson School to accommodate additional kindergarten classes for families on the east side of the district.

Also in 1971, a wing of classrooms was added to the south side of the Edison building, and an addition to the high school was created to hold the new industrial arts program. In 1993, with support from the community and the Bobcat Boosters organization, the High School track was upgraded to become one of the best all-weather tracks of its kind in the conference. In 1994, many of the buildings were modified to become more energy efficient through a unique federal lending program. In 1995 a bond issue passed that allowed for renovations to all of the build-

ings in the Grandview Heights district, additional technology resources for the academic programs, and a new multipurpose facility located at the Edison/middle school complex. This facility houses a gymnasium which can be divided in two, offices and a cafeteria which can be used as a performance and meeting room.

**1919 Football Team**

The 1919 GHHS football team poses on the field north of Edison. Over 37 years ago, in History of the Brotherhood of the Rooks, the team's first center Bradley Steele wrote, "... the first few years of football at GHS were played with only 11 players. Offensive and defensive teams were not even thought of. Our uniforms were anything but uniform, being self-bought or borrowed. Our playing field had a ravine near it and a tree stump near the goal line. A neighbor's cow foraged there and had to be chased away when we played. There were no stands and spectators stood. What we lacked in great plays and skill we made up in enthusiasm and great effort..."

## Lifetime Alumni

It is an annual tradition to publish the GHHSAA Lifetime Members list in the Fall issue of the newsletter. Once again, we apologize for database errors in 2009. If you're a Lifetime Member, please review the list for inclusion and email GHHSAA@hotmail.com with any necessary corrections.

All alumni are strongly encouraged to become Life Members. Your one-time donation sustains GHHSAA programs and scholarship funds, and you never have to pay dues again! The dedication, support and generosity of all the Lifetime Members is greatly appreciated.

Thank you!
