## President's Letter

Dear Fellow Bobcats:

This Fall, we are filled with optimism again! Lunches and dinners with friends and classmates, vacations and get-togethers are going on or are being planned. The Memorial Day Ceremony and Parade held in late May seemed to signal the beginning of normalization. This was followed by the return of our Alumni Luncheons on June 25th at the MCL, with more than 30 alumni in attendance, including Bill Arthur '46. Luncheons will continue on the fourth Friday of the month. GHHS Football, Alumni Night, Homecoming, the Ox Roast are all planned for later this Fall. Classes are organizing reunions and the Rook Banquet and Alumni golf are in the planning stages. We can't wait to see you!

Please remember your friends and classmates who passed this year and reach out to ones still with us.

The Class of 1922 was the last class that did not attend our current Grandview High building as it was under construction at that time. Ironically, the Class of 2022 will not be attending the high school their senior year. They'll have their classes in the NEW Middle School while the school is being remodeled. Many alumni attended the Open House on June 19 to say goodbye and pick up memorabilia. You can follow the progress at [www.ghschools.org](http://www.ghschools.org) and click on the "Construction" tab or this [direct link](#).

Our Spring 2021 issue was available via email two weeks prior to when the printed issue was mailed. If you want to get your newsletter early and be the first in your neighborhood to know the news, send your email address to [GHHSAA@hotmail.com](mailto:GHHSAA@hotmail.com). You can request to receive the email copy or both the e-mail and print versions of this newsletter.

We're so grateful to our generous alumni for their donations to help financially support the GHHSAA. This issue, we salute our Life Members who help finance the scholarships given each year. These donors are our backbone and we appreciate them. We also highlight our GHHS Legacy Society members who contributed at least \$20,000 and have annual scholarships awarded in their names.

Thank you to all alumni for sending anecdotes and updates about their lives. Thanks also to our editorial staff - Teri Antolino Williams '74; Molly Hammer Tanner '82 and Ash Reynolds Babbitt '87 - for compiling our newsletter. Thanks also to John Gloyd '71 for serving as our webmaster.

## The Dove

The dove, made of white marble  
And too heavy to fly,  
Soars the night skies  
And the day's light  
Endlessly moving from heart  
To heart  
With the message of love.  
Sculpted by an artist friend  
It speaks of honor and respect  
And leaves a trail of hope  
For those beyond it  
Harking back to the beginning  
To the infancy of words  
And the fresh shape of meaning  
In a new land.

The dove, so smooth and cool,  
Resting now from fancy's flight  
Its quiet alcove  
Between bed and bath, the perfect spot  
For intimacy,  
Touching and remembering,  
As we come and go,  
What the winged marble stands for.  
Hidden in silence at the start,  
It found its freedom in a community  
Of competing desires,  
A thrilling tale  
Where filial love triumphs  
And its song is hummed  
In constant delight.

*Bob Skeele, March 2021*

*Note: The white marble dove was carved by Tracey Powell, a noted Northwest carver and mutual friend. It was donated to the Anacortes Arts Festival as part of its silent auction. Sherry was outbid. Unknown to her, Bob had Molly bid the full market value and later let Sherry discover it in the alcove, much to her surprise and pleasure.*

### Bob (Skeets) Skeele '45

My father Brad Skeele wrote a 25-page autobiography in 1965-66. He died a few years later. An excerpt of his writing is on page 4.

"The Dove" (page 2) is from my recent book *Green Leaves, Deep Roots*, featuring contributions from 60 artists in a variety of formats. In fact, Jackie Day Cherry '49, Jeanne Chard '47 and Bob McNabb '45 are among the contributors. I'll remember 2020 as the year I published my tenth book of poems and essays, in part as a creative response to the pandemic. I've had both Moderna shots and am feeling a lot less vulnerable. It helps that I'm loved and cared for by my partner, Sherry, a poet and former teacher. We will soon celebrate three happy years together.

### Carolyn Sanford Vetter '52

So many memories of years ago Grandview. We lived in several states and several countries but we are now retired in Houston, TX, since 1975. We lost our oldest daughter in 2011 after a long illness. My husband is now an invalid but I am still very active with hospital volunteering and painting.

### Joyce Titsch Zilles '55

I still love golf and playing bridge and work at the Event Center and on Opera House restoration in West Liberty. I enjoy seven grandchildren and great grandchildren. Pete and I celebrated our 60th wedding anniversary.

### James Bobbitt '57

Buddy Mesi, Sally Behmer Murray and I started together in the first grade and still stay in touch. It's a wonderful 76 years of Grandview friendship!

## Get Social

If you're on Facebook, check out the Grandview Heights Alumni Association page. There are also several groups with Bobcat ties on Facebook. Just search for Grandview and join one!

### Arthur Miller '57

I recently made a trip back to Arizona with my youngest son. We thought it was to say goodbye to my daughter Liz. She ended up getting a liver transplant at the Mayo Clinic in Phoenix. She was in the hospital for nearly two months but was released to go home to Tucson for her 60th birthday. Thank you, Lord!!!

### Jay Millikin '58

After having been gone for several decades, it was my plan to return to Grandview to enjoy the hallowed halls of GHHS prior to its demolition. However, COVID killed those plans. Now for Plan B! Regards to all Bobcats young and not so young.

### Jane Beals Boundy '59

My mother-in-law passed away on 02/23/2021 in Braselton, Georgia. She was a retired nurse who started college at the age of 57, received her nursing degree and worked for 25 years. A very kind person and a wonderful mom to her son James Boundy.

### Lawrence Guffey '59

Luanne and I continue to operate our Hocking County Farm and spend time following our grandkids.

### Linda Blazer '60

Hello to all my friends at GHHS. I enjoy the newsletter and appreciate all the hard work that Tom Smith does for this to provide updated info when we need it. As class officer, I did have a committee to organize a class reunion. Due to the virus, it is postponed it until next year. I retired three years ago and keep very busy teaching sign language when needed, ballroom dancing and chess and serve as a greeter for our church. I am planning a trip to Minnesota to visit my daughters and grandchildren. I have not seen them in two years. I look forward to seeing everyone at the Alumni Luncheons. Wishing everyone the best. Stay positive but don't test positive!

### David Sears '61

I am sending this to you to correct a listing in your GHHS veterans list. I am listed as being in the Army but actually served in the Air Force medical service corp from 1966 to 1970 and was stationed at Reese AFB in Lubbock, Texas. After discharge, I returned to Columbus and got a Masters degree in Hospital Administration from OSU. I am now living in a retirement community in Waverly, Ohio.

### Rex Crossley '61

I enjoyed and appreciated the salute to all vets of GHHS. However, I am not deceased. I'm very much alive and in fairly good health. I have moved back to Ohio, after almost 12 years in Arizona. I reside with my wife Cindie, together 40 years now. We are guardians of my 11-year-old grandson Gabe. I am looking for info on our 60th class reunion. Can someone please bring me up to date on it? I hope I am not too late. Looking to get back in touch with all of the class of '61.

### Jim Lowery '60

Please add my classmate Doug Bash '60 to your list of Grandview Heights High School veterans. He served in the United States Air Force as an F4 Phantom and A7 Corsair pilot. He served his country for approximately 26 years until his death (unrelated to his military service) in 1990.

### Jack Warren Smith '78

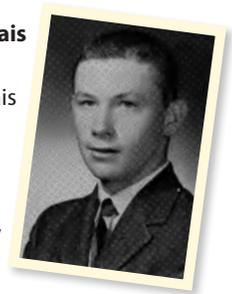

I enlisted in the US Navy in 1977 and retired in 1998. My older brother Jim Wilcox '63 went into the Air Force in 1966. My later father Jack Allen Smith went to Grandview and enlisted in the Army Air Force in 1944.

### (Donald) DJ Brannon '82

I just retired from the City of Upper Arlington Division of Police after 29 years and look forward to golf and traveling with my wife Pam. Our son Justin is a senior at Ohio State University.

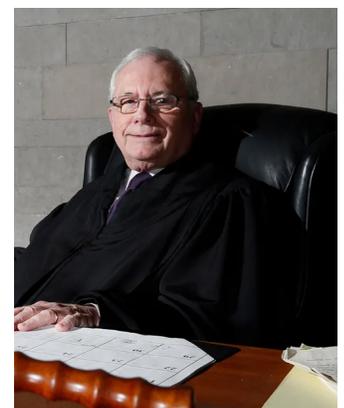

### David W. Fais '60

David W. Fais '60 died at his Grandview home on April 17, 2021 at the age of 78.

He earned a bachelor's degree from Otterbein College (now Otterbein University) where he met his wife, Sandra. He earned his Juris Doctor degree from Ohio Northern University and was a graduate of the National Judicial College in Reno, Nevada.

A long-time public servant, Judge Fais was assistant city attorney for the City of Columbus and assistant Franklin County prosecutor. He spent 16 years in private practice, where his representation included service to the City of Grandview Heights as the law director. Judge Fais ascended to the bench in 1988, where he continued for 26 years, including three terms as presiding judge. He also was a member of many local and state boards and associations. While proud of his legal career, his most cherished treasures were his loving wife, children and grandchildren. His grandchildren will miss his daily phone calls and we will all miss his great sense of humor.

## Boyhood, 1901-1918

Bradley Skeele

My friend considered chicken in any form a delicious treat. To me, it's just the opposite. I have to force myself to eat it. I especially dislike the fried variety, though I can tolerate it off-the-bone if the taste is disguised as it is in Chicken a la King, for example. There is a reason for my aversion. The sense of smell affects taste. I can smell chicken and that's it, brother! Back goes my olfactory memory to those days as a boy when I had the chicken house cleaning chore and often chickens to kill. I'm glad I was never exposed to cattle or pigs or I'd have become a vegetarian.

When I was about 10 years old, my dear dad got the idea we ought to raise chickens. We had the space and it was remodeled with nests and "dropping boards" for the feathered food

producers. For suburbanites, dad and mother went in for poultry in a big way. In short order, we acquired an incubator and a brooder, followed soon by a Rhode Island Red rooster, that cost \$25, and a variety of laying hens.

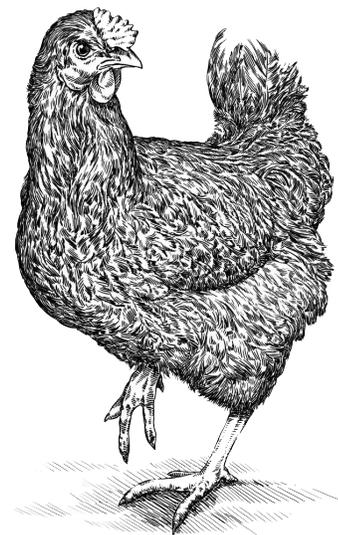

It wasn't long before chicken-raising became my mother's hobby. Dad became a silent, non-working partner except he always enthusiastically ate the product. Setting hens were set. The incubator was loaded with fertile eggs. Oats were sprouted for green chicken food out of season. The result each year was healthy, meaty chickens. Some turned out to be hens kept for laying, but there was always an abundance of young roosters which had to be fed or eaten. And eat them we did, as often as possible as seemed appropriate for Sunday or company dinner. There was always chicken at picnics too. Due largely to the intelligent care of my mother, the eggs and chickens were in abundance when winter weather made fresh eggs scarce at the stores and young fryers were in demand.

The Rhode Island Red proved to be an ideal layer and meat chicken. The \$25 rooster was a good buy, judging by the progeny. The clean hen houses, the attention to feed and water and poultry medicine paid off in eggs and chickens. So much so, there were chickens in the spring to sell and eggs too. It was

World War I time. Fresh eggs and young chickens were expensive at the stores and so friends and neighbors almost stood in line to buy what Mother would sell. I remember she sold eggs, brown eggs they were, too, for as much as \$1 a dozen.

I have to laugh at the logic involved in Dad and Mother's agreement. Dad bought the feed. Mother sold some eggs and "eating chickens". Mother pocketed the revenue apparently with Dad's consent. Mom reasoned no doubt that she did the work and deserved the proceeds. Incidentally, it was the "egg money" that bought the eggshell Haviland china and classical phonograph records she prized. So I guess Dad felt he had a good thing going with plenty of chicken to eat and eggs too, with Mom doing the work and happily acquiring some things she wanted.

Maybe it's the Christmas season, but often my thoughts go back to my pleasant experiences when I was a boy. I just thought of the honeysuckle vines across our long, 40-foot front porch. They were on trellises extending from the floor to the eaves and shaded the porch from the hot afternoon sun. The sweet aroma of the blossoms I can smell yet, most pleasant and "homey". There were one or two drawbacks to those vines. The bees buzzed while gathering honey - thousands of them. While I never got stung I was always worrying that I soon would. Also, when it was time to paint the house, the heavily-veined trellises had to be let down. Eventually, the honeysuckle along with its aroma and shade was replaced

with "snowball" bushes, hydrangeas, huge bushes not attractive to bees.

Speaking of pleasant, "homey" odors, so many of them naturally came from the kitchen. Mom had her canning seasons, peaches, cherries and apples; jams and jellies, too and the pungent, spices of catsup cooking. Every day, especially when mother was baking, the odor was inviting and hunger-inspiring. There was one kitchen odor, however, I hated. The smell of codfish cooking always smelled to me like an unclean toilet. Since it was a favorite dish of Dad's, we had it with some regularity and I had to eat it. The funny thing was, over time I got so I actually liked it. Creamed-cod over boiled potatoes I will remember along with the good-smelling food on which I grew fat and healthy. Bradley Skeele '18

## Grandview Memories - A Day in a Life

It is 7:15 a.m. and the first day of summer vacation. Should I have soggy cereal or take a dime to Amicon's for two fresh donuts? I grab my dime, my mitt, baseball and pocket knife and I am off! I am always first to the playground, eating my donuts and practicing playing baseball with my knife (big blade out – little blade at 90 degrees – flip from handle – fall over is an out – small & handle land is a single – small & large a double – small only is a triple – large only is a homer) as I wait for my friends.

When the first one arrives, we play a friendly game of "Stretch" where we face each other and you throw your knife at your buddy's feet. If it sticks in the ground, he needs to stretch his foot to the knife. Now, it's his turn and this repeats until one of us falls. Soon, friends #3 and #4 arrive so we can play a knife baseball tourney. Many picnic tables were abused during those summers.

As the rest of the guys arrive, it's time to choose up sides and play left handed from second base to the fence. You only need a pitcher, first baseman, center and right fielder. Anything to the left side is an out. The playground is opening up for the

little kids and that means one thing – the pool is open. Time to run or bike home, put on your suit and head to the pool to swim, hang out, play Minnow & Bass in the deep end and watch the big guys play corner tag (knowing your day will come). If you were "rich" and had 25 cents, you grab the best water soaked hotdog in the world and a pop and five pieces of vanilla taffy. You turn around and it is 2:00 p.m.. Time to head home to get ready to deliver your papers. I started delivering the Citizen that had their station in front of St Christopher's Church. A naïve me, with my Citizen paper bags, rode by the Dispatch station at Third & Hollywood to pick up a friend. I was quite unaware of the rivalry. My greeting was to be pulled off my bike, taken around to the side, tied to a tree with straw put around my feet. Then, one of the bigger boys got his matches out. About that time, the Station Manager (Kelly or Clarence) came out and said these profound words. "They weren't really going to start a fire but, kid, are you stupid? Dispatch kids don't like Citizen kids, so don't come by here anymore. Do you understand?" My reply was "Yes sir! Do you have any Dispatch routes open?" So, I started carrying the Dispatch.

You would pick up your papers, count them to make sure you had enough, fold them, put them in your saddle bags, ride to your route and throw them on (or close to) the porch. Great memories!

---

**It was so great to grow up in Grandview. I challenge everybody to write down their memories and mail them to [GHHSAA@hotmail.com](mailto:GHHSAA@hotmail.com)**

---

But it is time to go home, eat a bologna with mustard on white bread with Vitamin D milk for energy to play baseball at 6:00 p.m. Arriving early at 4:30, I would start swinging a bat and throwing with the next kid to arrive. The games were seven innings with no "Mercy" rule. I was on the losing end more often than the winning end. Friends who weren't playing and girls would be watching

and cheering. At the end, everybody shook hands and then somebody would say "Let's go the pool!"

I would run home, take a shower (Dad's idea, not mine) with my trunks on, run down through the "dreaded" woods from Palmer to the pool and swim and go off the high dive until 9:00 p.m. when the pool closed. Run back through the woods at a breakneck speed to home. I memorized where every root and hole was along the way. Mom would ask what did I do today and the reply was "nothing much." As I'd fall asleep, I'd think about tomorrow and say "tomorrow plans – NOTHING MUCH!"

## Cora Wilson

*\$2,500 Grandview Heights High School Alumni Association Scholarship*

A proud part of the Grandview Heights school system my entire life, I pursued many passions and interests during high school, including tennis, cheerleading, Bobcat Buddies and Mentoring and More. I'm a current member of the Bobcat Anti-racism Collective, as well as our Students Demand Action club. I conducted a racial justice independent student project where I read an individual empowerment book to second-grade students and taught them the importance of individuality amongst each other. My love of arts was consistent throughout my time at GHHS through many different art classes. Being a part of the yearbook class allowed me to discover a new love for graphic design. I'm excited to continue my artistic passions at the University of Cincinnati to study Communication Design.

## Emma Murphy

*\$2,500 Grandview Heights High School Alumni Association Scholarship*

During high school, I was a four-year member of the Marching Band, including two years as Squad Leader. I played varsity softball for four years and was on cheer squad for two years. I've participated in many different clubs, including French club, Spanish club, Puzzle club, and Harry Potter club. I was the president of Model United Nations for three years, and served on student council for three years, including president my senior year. I'll be attending Boston University to study both Archaeology and Chemistry. I hope to pursue an active role in the Boston community through acts of service, as well as learning from the diversity the city offers.

## Ashley Rosinski

# Contributing to the GHHSAA

You are the GHHSAA. Without membership support, the GHHSAA would not and could not exist. We graciously thank you for your continued generosity. Here is a breakdown of GHHSAA funding categories. All Friends of the GHHSAA are mentioned in the newsletter published nearest the time after their contribution is received. Support the GHHSAA today! Thank you!

**ANNUAL DUES:** Every fall, we mail an Annual Membership Request of \$30. This goes to all alumni and it is our hope that each alum contributes this amount each year. This funding is the "bread and butter" of our budget and is extremely important. Please watch for your envelope this fall.

**LIFE MEMBERSHIP:** A Lifetime membership is \$300. Lifetime members still receive the annual dues request in case they want to donate additional funds. We publish the names of all LIFE Members once every 24 months. A list of LIFE Members is available online at [www.grand-viewheightsalumni.com](http://www.grand-viewheightsalumni.com).

**PAWS CLUB:** Contribution of \$50 - \$99

**BIG CATS CLUB:** Contribution of \$100 - \$499

**TOP CATS CLUB:** Contribution of \$500 - \$999

**SPECIAL RECOGNITION:** Contribution of \$1,000+

**IN HONOR OF:** Contribution of any amount in honor of a classmate, teacher, friend. Both the donor and the honoree are mentioned in the newsletter.

**IN MEMORY OF:** Contribution of any amount in memory of deceased classmate, teacher, friend. Both the donor and the deceased are mentioned in the newsletter.

**LEGACY SOCIETY:** Membership in the GHHS Legacy Society requires a base contribution of \$20,000 or more. The funding establishes an annual scholarship, of at least 5% of the deposited amount, in the contributor's name or in honor of someone of their choosing. All Legacy Society contributors will be listed in every newsletter issue and are listed on the web site.

We take our fiduciary responsibility seriously. You can see the good work your funding accomplishes including this newsletter, alumni events, the website, support of current student activities, improvements and supplies not available in the

regular budget (Robotics, Art, Band, special requests, etc.), and scholarships, scholarships and more scholarships. Your support ensures we stay connected, and together we help continue the legacy that makes us all proud to be a Bobcat.

Make all checks payable to GHHSAA and mail to PO Box 12116 Columbus, OH 43212. Funds are managed by The Columbus Foundation.

*Editor's note: We send dues request letters to all alumni, just as we also send the newsletter. We hope you'll give when you can. Donations and annual dues newsletter subscriptions are much appreciated. We couldn't do all we do without you. Thank you for your continued and generous support.*
